

Printed circuit boards, complex assemblies, and semi-conductor packages fabricated by Endicott Interconnect Technologies are considered “Articles” under the European Union Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) legislation and are therefore exempt from registration under REACH. Based upon a review of Material Safety Data Sheets for substances used in our manufacturing and assembly operations, these articles do not contain “Substances of Very High Concern” (SVHC) exceeding 0.1% and do not require notification under Article 33. EI has an ongoing process to identify the potential presence of SVHC in our products and will update this declaration in the future as needed.
